

How to Tag Someone on Twitter

Tagging in a New Tweet

1. Log in to your Twitter account.
2. Click or tap on the "Tweet" button to compose a new tweet.
3. Type your message and include the username of the person you want to tag, starting with the symbol "@".
4. Click or tap on the "Tweet" button to post your tweet. The person you tagged will receive a notification and see your tweet on their mentions tab.

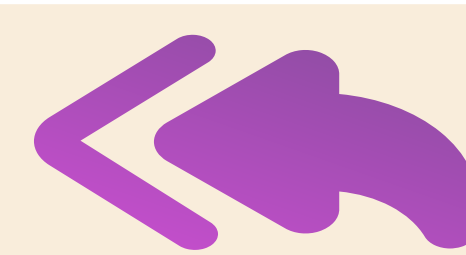

When you tag someone, they will receive a notification and see your tweet on their mentions tab.

Through this, you reach a wider audience, as your tweet might appear on the timeline of the person you tagged and their followers.

Replying to an Existing Tweet

1. Log in to your Twitter account.
2. Find the tweet you want to reply to. You can do this by searching for a topic, visiting a profile, or scrolling through your timeline.
3. Click or tap on the "Reply" button under the tweet. A reply window will open with the username of the original tweeter already included.
4. Type your message and include the username of the person you want to tag. You can tag up to 10 people in a single reply, including the original tweeter.
5. Click or tap on the "Reply" button to post your reply. The person you tagged will receive a notification and see your reply on their mentions tab.

Tagging in a Photo

- Log in to your Twitter account.
- Click or tap on the "Tweet" button to compose a new tweet.
- Add a photo to your tweet using the "Photo" icon.
- Select the "Who's in this photo?" option below the photo.
- Tag the person by selecting them from the list or typing their username.
- Click or tap on the "Done" button to save your tags and post your tweet.

Etiquette Tips of Tagging on Twitter

- Tag someone when you want to mention them, give them credit, ask them a question, or start a conversation.
- Seek permission before tagging someone with sensitive or controversial content.
- Avoid excessive tagging or tagging the same person repeatedly.

Benefits of Proper Tagging

- Tagging can increase your engagement, as the person you tag might reply, retweet, or like your tweet.
- Tagging can build connections, as you can interact with other users who share your interests, opinions, or goals.
- Tagging helps you reach a wider audience, as your tweet might appear on the timeline of the person you tagged and their followers.
